Software Developer Intern

✉ obasanjoyusuf@gmail.com ☎ 07061358465 📍 Ikeja , Lagos 🐦 @oladyussuf

👤 PROFILE

Motivated Fullstack Developer with roughly a year of experience building software solutions to complex challenges. I developed an online Hospital management solution that has the potential to resolve the inefficient and stressful administrative procedures faced daily by patients, nurses, and healthcare managers.

🎓 EDUCATION

Software Development, Moat Academy 🔗

2023 | Lagos, Nigeria

I learned how to write code from zero knowledge of programming to become a software developer

Bsc Pharmacology, Olabisi Onabanjo University

2018 – 2023 | Ago-iwoye, Nigeria

I bagged a second class upper degree with a grade point of 4.18 on a scale of 5.00

📁 PROJECTS

Hospital Management Application

Developed State University Teaching Hospital (SUTH), an online Hospital management application that helps hospital owner monitor their hospital, Ease Doctor workload, and reduce patient stress. SUTH was built with PHP, HTML, CSS, JavaScript, Bootstrap, Ajax, jQuery, MySQL.
